

Support Our Troops ...

Make A Donation.

Glenville businesses are honored to share our home with the committed members of the 109th Airlift Wing. Right now, 65 families make a daily sacrifice while their husband or wife, Mom or Dad is deployed overseas to protect the U.S. Nearly another 50 families will send off a loved one over the holidays. These brave men and women and their families also support our local businesses, so The Glenville Business & Professional Association is organizing its membership to give something back.

Donations can be dropped off at these sponsored locations
until **November 22nd.**
